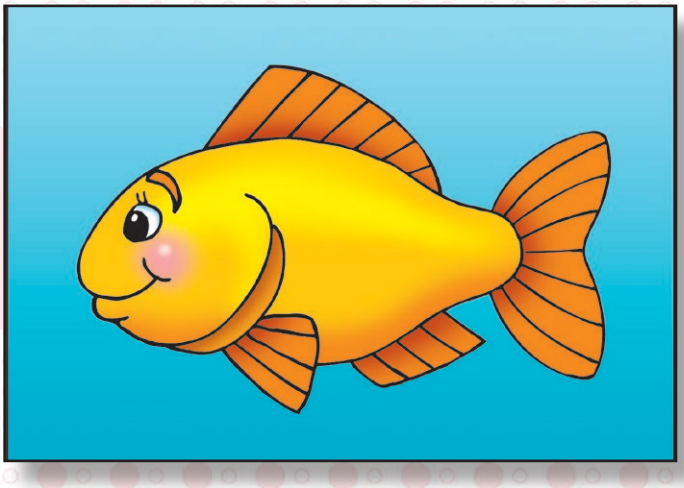
God Made Fish

June 11, 2017

Genesis 1:20-25

Read Together

The Bible tells us that God made fish. Fish like to swim in water. Thank You, God, for making fish.



Art by Kathryn Marlin

Bible Words

"God made the animals"
(based on Genesis 1:25).

Put a picture of an animal inside the front cover of a Bible. Show your child the picture and say the Bible Words.

Rhyme Together

God made the fish.
They go *swish, swish, swish.*
(wiggle hands like a fish)
They swim in the water,
and go *swish, swish, swish!*

Things to Do Together

Fishing Fun

Put some water in a plastic tub. Add plastic fish and boats. Invite your child to catch the fish using her hands or a small strainer. Ask your child to name the colors of the fish. Remind her that God made the fish.

Sorting Fish

Cut several fish figures from four colors of construction paper and set out four baskets. Invite your child to sort the fish according to their colors, putting each color of fish in a different basket. Your child will enjoy dumping out the fish and putting them back in.
